Descripción del producto

Looking for luxurious gift? This is what you need!

The design of this set is the same as the one of the large Cesar set CH102. However it goes with smaller chess pieces and the chess board of 60x30cm instead of 85x42,5cm. Playing is very convenient due to its medium size. The lovely chessmen made from lime wood are entirely hand-crafted. The burned hand decorated folding chess board is provided in two compartments finished with felt lining for the chess pieces storage inside. This set is available in brown colour only.
